Exhibitor Hosted Special Events (July 21-25, 2020)

To view the complete list of exhibitor hosted special events, show specials and more, visit the Virtual Expo page: <https://eaatogether.org/virtual-expo>

Date & Time (ALL TIMES ARE CENTRAL)	Company Name	Event Name	Description	Registration Info
7/19/20 6:00 PM	Cirrus Aircraft	Virtual Oshkosh: Sunday Night Kick-Off	While we can't meet you in person this year at EAA AirVenture Oshkosh, we invite you to join our team virtually as we share what's new and answer your questions live. Because while Oshkosh may be cancelled this year, flying is certainly not and we're here to keep this strong aviation community connected as we fly through this together.	Stream Here
7/20/20 9:00 AM	Garmin	G3X Install Academy: GPS Navigator Series	Learn more about Garmin's new family of economical IFR WAAS GPS navigators, including G3X interface tips, how to update software and databases, and ways to utilize maintenance features such as configuration files.	Register Here
7/20/20 9:00 AM	Lycoming Engines	Augmented Reality Engine Release	Official release of "How do You Make That? Lycoming Engines"	Link for More Info
7/20/20 10:00 AM	Garmin	Aircraft Avionics Tour: Cessna 182	See the capabilities available with a GPS 175 2" navigator, GTX 345 ADS-B transponder and GI 275 attitude indicator, HSI and CDI/MFD.	Stream Here
7/20/20 10:30 AM	Oklahoma	Oklahoma Aerospace Opportunities: Why Companies are Landing in Oklahoma	Oklahoma's aerospace leaders will discuss supply chain opportunities, access to capital, the driving force behind Boeing's significant growth in the state, and why so many companies are choosing to land in Oklahoma.	Register Here
7/20/20 11:00 AM	Cirrus Aircraft	MONDAY / Getting Into Flying, with Ivy McIver	SR Product Director Ivy McIver shares some of her real Cirrus Life stories and outlines the best steps for getting into this thing we call <i>Personal Aviation</i> .	Stream Here
7/20/20 11:00 AM	Garmin	Webinar: Latest Avionics	Learn about GI 275 electronic flight instruments, GTN™ Xi series navigators and TXi series flight display updates.	Register Here
7/20/20 12:00 PM	Garmin	Webinar: Sporty's and Garmin Present: Preflight Weather with Garmin Pilot™	This webinar series, with special guest Sporty's, will start by discussing preflight weather planning resources and what tools can be found within Garmin Pilot to aid in weather planning.	Register Here
7/20/20 2:00 PM	Garmin	Webinar: Latest Portables	Learn about aera® 660/760 portable navigators, inReach® satellite communicators and more.	Register Here

Spirit of Aviation Week™

Exhibitor Hosted Special Events (July 21-25, 2020)

To view the complete list of exhibitor hosted special events, show specials and more, visit the Virtual Expo page: <https://eaatogether.org/virtual-expo>

Date & Time (ALL TIMES ARE CENTRAL)	Company Name	Event Name	Description	Registration Info
7/20/20 3:00 PM	Garmin	Avionics Demo: TXi, GTN Xi and GFC™ 600	Follow along to learn more about using the advanced capabilities of TXi flight displays, GTN Xi navigators and GFC 600 autopilot.	Stream Here
7/20/20 4:00 PM	Garmin	Webinar: Boldmethod and Garmin Present: GTN Xi Vertical Navigation (VNAV)	Learn how to manage your descent and transition to approach using GTN Enhanced Descent VNAV.	Register Here
7/20/20 5:00 PM	Avidyne Corporation	Avidyne presents "Baron Pilot" on SocialFlightLive	Join Jeff Simon as he hosts YouTube aviation sensation Kris Patasnik aka "Baron Pilot." Learn about his adventures in his Baron and business jet aircraft too.	Register Here
7/21/20 9:00 AM	Cirrus Aircraft	TUESDAY / Staying Sharp	Recently, have you been out of the cockpit more than you'd like? Well, here's some ideas to stay sharp for your next flight. A little chair flying, anyone?	Stream Here
7/21/20 9:00 AM	Garmin	Webinar: G3X Install Academy: CAN Bus	G3X components communicate with each other over an efficient CAN bus data path. We'll show you what CAN bus wiring should looklike and how to install it. We'll also discuss common CAN bus installation errors and troubleshooting techniques.	Register Here
7/21/20 9:00 AM	Lycoming Engines	EIS Update	Lycoming EIS update with Aaron Spotts, VP of Engineering	Link for More Info
7/21/20 10:00 AM	Avidyne Corporation	Avidyne IFD Basics	Join us to learn about features, key benefits, and basic operation of the IFD550/IFD540/IFD440.	Register Here
7/21/20 10:00 AM	Cirrus Aircraft	TUESDAY / Back To Flying, with Al Waterloo	Maybe you're thinking about getting back to flying. Cirrus Sales Director, Al Waterloo wants to give you a few things to think about before you hop back in the cockpit. And how about a trip to the world's busiest airport as a good warm-up?	Stream Here
7/21/20 10:00 AM	ForeFlight	ForeFlight Fundamentals	ForeFlight Fundamentals	Register Here
7/21/20 10:00 AM	Garmin	Aircraft Avionics Tour: A36 Bonanza	See the advanced capabilities available with our TXi flight displays, GTN™ Xi navigators, G5 standby instrument and GFC™ 600 autopilot.	Stream Here

Spirit of Aviation Week™

Exhibitor Hosted Special Events (July 21-25, 2020)

To view the complete list of exhibitor hosted special events, show specials and more, visit the Virtual Expo page: <https://eaatogether.org/virtual-expo>

Date & Time (ALL TIMES ARE CENTRAL)	Company Name	Event Name	Description	Registration Info
7/21/20 11:00 AM	Cirrus Aircraft	TUESDAY / Steep Turns Like a Pro, with Anthony Bottini	Nothing like a little warm up if you've been paused on flying for awhile. What better way than with the ultimate hands-on flight training maneuver!	Stream Here
7/21/20 11:00 AM	Garmin	Webinar: Cost-effective Retrofit Autopilot Upgrades	Get the scoop on our GFC 600 and GFC 500 retrofit autopilots and the advanced capabilities they provide, including the Garmin ESP™ feature, coupled approaches and more.	Register Here
7/21/20 11:30 AM	Jeppesen	Jeppesen NavData: The Power Behind Your Displays	See what's coming in the next episode of the Pilot In Command educational webinar series. Get an inside peek at Jeppesen NavData and learn how we produce services that get you flying, and keep you flying.	Register Here
7/21/20 12:00 PM	Cirrus Aircraft	TUESDAY / Flight Fix: "Feeling a Little Flat?"	Relive the inaugural episode of the Cirrus Flight Fix series by figuring out if a Cirrus SR Series airplane really lands "flat".	Stream Here
7/21/20 12:00 PM	Garmin	Webinar: Garmin Pilot™: Cross-country Planning	Continuing our webinar series, we'll take what we learned with weather planning and apply that to cross-country planning within Garmin Pilot.	Register Here
7/21/20 12:00 PM	Jeppesen	Climb Performance & Factors that Affect Your Climb	What factors affect your climb performance? In this presentation, we'll discuss what makes you climb, and how you can improve your climb performance in different scenarios. Presenter: Aleks Udris, Colin Cutler	Register Here
7/21/20 1:00 PM	Garmin	Video: Sporty's GTN™ Xi Upgrade	See Sporty's upgrade of a Pilatus PC-12 turboprop from a GTN navigator to GTN Xi, learn more about the process, and hear their thoughts on using GTN Xi.	Stream Here
7/21/20 1:15 PM	International Aerobatic Club	Behind the Visor - Flying Aerobatics with Jim Bourke	Hear from IAC board member and competition aerobatic pilot Jim Bourke about how he got into aerobatics and how his passion turned into more than just a hobby.	Live Stream Here
7/21/20 2:00 PM	Garmin	Webinar: Garmin Pilot: Getting Started	Learn the fundamentals of an effective preflight, including configuring your aircraft, creating a flight plan, analyzing weather, calculating weight and balanced, and much more.	Register Here

Date & Time (ALL TIMES ARE CENTRAL)	Company Name	Event Name	Description	Registration Info
7/21/20 2:00 PM	NAFI	NAFI 10 Question Challenge Featuring NAFI Board Member Capt. Brian Schiff	NAFI's 10 Question Challenge is a brand-new web series created to discover how current and former flight instructors have leveraged the skills they have developed within the profession to achieve the success they desire in life and their career. To do this, we developed a list of 10 questions which we will ask all our guests. By keeping the questions the same, we can directly compare each person's response to see the common threads of flight instructor success, and what it means to utilize that experience while transitioning into other aspects of aviation like flight school ownership, airline pilot, author, NAFI Master Instructor, and anything else a pilot dreams to become.	Link for More Info
7/21/20 2:30 PM	ForeFlight	ForeFlight What's New	ForeFlight What's New	Register Here
7/21/20 2:45 PM	Boeing	How Boeing is Working to Make Future Air Mobility Safe, Clean and Efficient	There has been no shortage of press, discussion and hype surrounding future air mobility, from small drones to Jetsons-style air taxis and personal air vehicles. The combination of electric propulsion, small and powerful computing and materials science has re-energized the aerospace community, and we have seen unprecedented levels of private capital investment into Aerospace. Jon Damush, from Boeing NeXt, a business division working to develop the foundation for a future mobility ecosystem in which autonomous and piloted vehicles can safely coexist, will share some of the learnings, investments and plans from Boeing's perspective as the world's oldest and most experienced aerospace company. Presenter: Jon Damush	Live Stream Here

Spirit of Aviation Week™

Exhibitor Hosted Special Events (July 21-25, 2020)

To view the complete list of exhibitor hosted special events, show specials and more, visit the Virtual Expo page: <https://eaatogether.org/virtual-expo>

Date & Time (ALL TIMES ARE CENTRAL)	Company Name	Event Name	Description	Registration Info
7/21/20 3:00 PM	Garmin	Avionics Demo: GI 275	Follow along to learn about the different capabilities of GI 275 electronic flight instruments, including the 4-in-1 attitude direction indicator, horizontal situation indicator with moving map, EIS and more.	Stream Here
7/21/20 3:00 PM	Jeppesen	Briefing and Flying an Instrument Approach	What's the right way to brief an approach? Which items should you include, and how much time should you spend on your briefing? In this presentation, we'll discuss how to effectively brief and fly an instrument approach. Presenter: Aleks Udris, Colin Cutler	Register Here
7/21/20 4:00 PM	Garmin	Webinar: Flying with Garmin Avionics: GTN Xi IFR Approaches	Learn techniques and best operating practices for using Garmin navigation to set up and fly ILS and a GPS-guided WAAS LPV approaches into all types of airports. Examples will be shown on the GTN Xi and GPS family of navigators.	Register Here
7/21/20 4:30 PM	International Aerobatic Club	Avoiding the Base to Final Spin Accident	Gordon Penner, IAC Member and MCFI-Aerobatic presents simple and clear explanations of the elements leading up to a base to final stall/spin accident. This webinar highlights how to recognize and stop these elements, and discusses the true nature of stalls and spins that most pilots have not been taught. Qualifies for FAA WINGS credit.	Register Here
7/21/20 4:30 PM	Jeppesen	Distracted Pilot	As pilots we get distracted all the time. You may be surprised, how simple things we do outside the cockpit, causes distractions in the cockpit. We will look at Aeronautical Decision Making and how it plays a role in distractions. We also will look at distractions in three Categories, Visual, Manual, Cognitive. We will give you suggestions to help you navigate these distractions to help you with better situational awareness of your surrounding both inside and outside the plane. Presenter: Tom Letts	Register Here
